## EXPERIENCE

### WEB DEVELOPER, 08/2023 - Current

**Student**, Bareilly, India

- I specialize in crafting responsive and intuitive websites using the latest frontend technologies
- From HTML5 and CSS3 to JavaScript frameworks like React and Vue.js, I thrive on staying at the forefront of industry trends to deliver cutting-edge solutions
- Web development is a dynamic field, and I embrace the opportunity to learn and grow with every project
- Whether it's adopting new frameworks, exploring emerging design trends, or refining my coding practices, I am committed to staying ahead in this ever-evolving industry
- I'm always excited about new challenges and collaborations
- If you're looking for a dedicated and skilled Web Frontend Developer who is passionate about transforming ideas into reality, let's connect! Together, we can create digital experiences that leave a lasting impression
- Implemented front-end development using HTML, CSS, and JavaScript to create visually appealing web pages.
- Optimized SQL queries for faster response times from databases.
- Designed and developed responsive websites optimized for mobile and desktop platforms.
- Collaborated with UX/UI designers to translate visual concepts into functional web applications.
- Built layouts according to customer parameters using HTML5 and CSS3.
- Designed database schemas to store user data securely.
- Debugged client-side issues related to web development projects.
